Notes for all these study plans:

1. Open choices are those options and electives that fulfill remaining degree requirements:

(a) Either:

- CHEM 3021 3.0 and CHEM 4021 3.0; or

- CHEM 3021 3.0 and CHEM 4051 3.0; or

- BCHM/CHEM 4051 3.0 and either BCHM/BIOL 3110 3.0 or BCHM/BIOL 4151 3.0.

(b) Twelve credits of designated General Education courses.

(d) Additional courses as needed in any subject and at any level to reach at least 120 credits overall.

2. * The credit total can be reduced to 120 credits if additional 4-credit courses are chosen.

3. These study plans respect course prerequisites and will not be subject to scheduling conflicts, but can be modified in many ways. Delays risk causing scheduling conflicts.

4. Summer terms (SU, S1, S2) may be used to catch up on courses and to reduce Fall & Winter course loads. The following mandatory courses are usually available in summer terms (up to 15 credits are allowed):

CHEM 1000, 1001, 2020, 2021, 4000; PHYS 14x0 6.0; EECS 1xx0 3.0; some other science choices

(e.g. BIOL 1000/1001/2020/2021/2070, PHYS 1470, PSYC 1010, etc); General Education courses.
