*(For other course loads, see next page)***Notes for all study plans:**

- Open choices are those options and electives that fulfill remaining degree requirements:
 - Nine credits in other designated science subjects, of which at least 3 must be above the 1000 level.
 - Twelve credits of designated General Education courses.
 - Additional courses as needed in any subject and at any level to reach at least 90 credits overall.
- * The credit total can be reduced to 90 credits if CHEM 3080 4.0 is chosen.
- These study plans respect course prerequisites and will not be subject to scheduling conflicts, but can be modified in many ways. Delays risk causing scheduling conflicts.
- Summer terms (SU, S1, S2) may be used to catch up on courses and to reduce Fall & Winter course loads. The following mandatory courses are usually available in summer terms (up to 15 credits are allowed): CHEM 1000, 1001, 2020, 2021; PHYS 14x0 6.0; EECS 1xx0 3.0; some other science choices (e.g. BIOL 1000/1001, PHYS 1470, PSYC 1010, etc); General Education courses.
